Tell me w/ your words, why you are in here? What happened when you were hospitalized?

When did this start?
How's it been progressing/is it always like this?
What happened at onset?
What does x sound like to you? / What do the x sound/feel like? When does it happen typically
Anything made it better? Worse?
Different time of day?

How are you feeling right now?
Sleep – how'd you sleep?
periods where you didn't need to sleep/gone days without sleep? Like sleep didn't matter?
Interests – what are you interested in / been able to do lately?
Guilt/hopelessness/worthlessness (not ask every time)
Energy change – **How're you feeling energy-wise? group activities? Talked to anyone in or outside hospital?**
Trouble concentrating? Getting distracted?
Appetite? (not ask) / Psychomotor slowing/agitation (nonverb)
Suicidal – **feelings or thoughts of seriously hurting yourself or someone else?**

What has been filling your mind lately? Anything you can't help but think about?
- anything you've been doing that have been worrying people, like risk-taking activities?

I know it feels like there's a lot of things going on, and with a many stressful times, a good amount of people describe potentially having times where it feels like their mind's going against them, like not trusting people, feeling like the world's out to get them, seeing or hearing stuff that's not there.
- have you been experiencing it? Hearing or seeing stuff that you can only see?
- feeling worried or distrustful of things other people aren't?

Wanted to get more information about your hx
- Anything like this happened in the past?
- Prior hospitalizations? Treatments?
- Are you following with a psych provider? Therapies or sessions?
- What other medications are you on? We ask this to get more information about things that can affect your treatment.
- do you drink any alcohol?
- take any prescription drugs for reasons other than why your doctor prescribed?
- stimulants like cocaine, amphetamines
- opiates?
- any other recreational drugs?

How often/long/much?
What do you feel when you quit + when do you take it again?
- wanna talk about anything in the past like rehab/treatments/ in any groups?

Life outside the hospital
- Where do you live? Do you live with anybody? **Safe in your relationships?**
- Do you work or go to school rn?
- A**nyone you know we can reach out to for giving updates?**
- Have any goals for today?
